

What to bring to your session:

Clothes

For the fourth session in your baby's first year series, we will use studio outfits as well as any outfits, hats, tutus or the like that you wish to bring. If we are doing a cake session, we will select a solid color onesie also.

Props

We welcome any sentimental items you would like to bring for us to try to use during your child's session. If you have chosen a cake session we will provide the cake for an extra \$15. If your child has special dietary needs we will have you provide the cake.

The Session

At the 12 Month session we try to showcase your baby's new achievements. Your baby may be crawling, standing or even taking a few steps. During this session we will be capturing the little person your baby is becoming. This session is approximately 1 hour.
